SUSTAINABILITY

Vertically integrated manufacturing provides unmatched customization options and product support. Allen produces circuit boards, consoles, stop controls, and assemblies in-house. This, along with a commitment to quality and providing replacement parts for legacy organs, results in instruments that last longer and are less expensive to own in the long term.

Standard Stop Tab console pictured with optional GENISYS Voices, and lighted, clear-acrylic folding music rack.

BUILD QUALITY

Allen's consoles are built to the highest level of fine furniture quality, utilizing real hard woods, glue, and dowels for longevity and strength.
