MDC THEATRE 30, 31

In a time when greater complexity and confusion seem the rule in home organ design, MDC Organs keep it simple. Theatre 30 and 31 models look like an organ, sound like an organ, and play like an organ. To be sure, high technology is there. One glance around back will confirm this beyond doubt. Yet "up front" where the playing is done, controls are how you like them most—easy to understand and convenient to use. Gone is the "pinball machine" look, and the need to press half a dozen different "somethings" for even a basic effect. Human engineering makes the difference, and in MDC organs human engineering is standard equipment. MDC Theatre 31 Visible Programmable Pistons and Easy-Play Automatics simply make a good thing better.

MDC 30 STANDARD FEATURES:

- Fine all-wood walnut console with illuminated horseshoe stoprail
- Single board plug-in MDC tone generation
- 61-note keyboards, 32-note concave radiating pedalboard
- Multi-key transposer
- Celeste Effects
- Automatic Rhythms
- Authentic Adjustable Tremulants
- Exclusive Octave Reiterator
- Percussions-Carillon-Sustain
- Automatic "Wah" Trumpet
- Chiff
- Reverberation
- Presence Projectors
- Dual 40-watt amps, eight speakers
- Earphone Jack
- Five preset pistons plus cancel with digital readout

MDC 31

All MDC 30 features (except preset pistons) plus Visible Programmable Pistons and Easy-Play Automatics. With many organs now including easy-play features, the customer pays for them, whether wanted or not. Though it is seldom if ever explained, these features can represent a sizeable portion of the organ's total cost. Allen's advanced microcircuit engineering combines these automatic features into a single, compact plug-in board, making it possible to offer the package as an **OPTION**. Not every purchaser, Allen believes, has a need for or desires easy-play features. Those who do, however, will be delighted with the flexibility afforded by Allen's efficient microcircuit approach.

CONSOLE DIMENSIONS:

Width: 52-½", 134 cm; Height: 44½", 113 cm;
Depth: 29¾", 76 cm;
Depth with pedalboard and bench: 50", 127 cm
